Jenny Naoroji

FULL STACK WEB DEVELOPER

PERSONAL SUMMARY

I'm a Full Stack Web Developer leveraging a management background to provide a unique perspective on how end users interact with websites and software platforms.

I'm currently a web development student studying online at the University of Adelaide, graduating in September 2023. I have a bachelor's degree in information management, have been working as a Sommelier for the past 3 years and have been in the Hospitality industry for over 10 years.

My passions include Food, Wine and Sport. I am a bubbly, competitive, hard worker. I am a quick learner, enjoy working in a team and am always looking for new challenges and ways to improve and learn. I enjoy creating, establishing, and maintaining business and customer relationships and strive to excel at this.

I am an innovative problem solver who is passionate about Web development and am looking for a role that will allow me to grow, take on new opportunities and challenges and teach me new skills.

PROJECTS

BLOOM AND BARTER

Deployed to Heroku

Interactive Full-Stack Application. Uses Node.js and Express.js to create a restful API. Uses Handlebars.js as a template engine. Uses MySQL and sequalize ORM for the database. Uses an MVC paradigm. Express-session and cookies. Polish UI, responsive.

GIF IT A TRY
